THE STATE OF MISSISSIPPI.
Monroe County.
To all persons interested in the lands, tenements, and hereditaments of James Gray d'd.—Greeting
WHEREAS, James Gray, Administrator of the said James Gray, at the August Term, 1836, of the Probate Court of the County aforesaid, upon a proper showing to said Court, obtained an order from said Court, that a citation issue (by publication in the Columbus Democrat for six successive weeks) notifying all persons interested in the real estate of the said James Gray, to be and appear at the November term, 1836, of said Court, to show cause if any they have, why the following tracts of land should not be sold, viz: The north half of the east half of the south west quarter of section No 6, township No 14 of range No 17 west; the south half of the west half of the south east quarter of section 3, township 14, range 17 west.
You are therefore hereby notified to be and appear before the next Probate Court of said County at the court house in Athens, on the fourth Monday in November next (1836) then and there to show cause if any you have, why the said land should not be sold.
WITNESS, the Hon. Richard Dilworth, Judge of said Court, the fourth Monday of August, 1836.

LAND FOR SALE.
I wish to sell the following tracts of Land, viz:
FRACTIONAL Section 24, Township 19, Range 17 East, containing about 130 acres fronting one mile on the river, two miles and a half above Columbus, and immediately adjoining the city of West Port. No sandy land in the country is superior to it in soil, timber and location. On it are negro cabins, &c. with 40 acres of cleared land in a high state of cultivation.
ALSO, the west half of the north west quarter of Section 31, in Township 19, of Range 18 East.—It joins West Port on the south; has 40 acres in cultivation on it, and is inferior to no land in the vicinity.
ALSO, the east half of the south east quarter of Section 6, in Township 18, of Range 18 East; and the west half of the south west quarter of Section 5, in Township 18 of Range 18 East. This tract contains about 160 acres on it a cabin, and 17 or 18 acres in cultivation.
Should I fail to sell, or either of the above tracts of land, the same will be for rent during the year 1837. As I have become satisfied that I can do more by procuring steadily and charging well, than by farming.
I have also a tract of land composed of the following eighth, viz:
East half of the N.E. quarter Sec 27, T 18, R 17
West half of the N.E. quarter, Sec 27, T 18, R 17
East half of the S.E. quarter, Sec 27, T 18, R 17
West half of the S.E. quarter, Sec 17, T 18, R 17
East half of the S.W. quarter Sec 27, T 18, R 17
East half of the N.E. quarter Sec 34, T 18, R 17
This tract lies on the old Military road about 8 miles from Columbus, and is good post oak land; and adjoins—
I have also another tract of land composed of the following eighth, viz:
West half of the S.W. quarter, Sec 22, T 16, R 17
West half of the S.W. quarter, Sec 27, T 16, R 17
East half of the S.E. quarter, Sec 28, T 16, R 17
West half of the S.E. quarter, Sec 28, T 16, R 17
East half of the S.W. quarter, Sec 28, T 16, R 17
N.W. quarter Sec 28, T 17, R 17
A large portion of this tract is open prairie, and as good cotton land as any on the Tombigbee River, and not a foot of waste land on it. It is south of Maj. Blewitt's farm about 6 miles from Macon, and I think joins the lands of Mr. Lewis Gilmer.

Fortune and Health For Sale.
Great and extensive Sale of Lots in the Town of MOUNT PLEASANT.
On Monday the 31st of October.
THIS Town is situated 44 miles south west of Columbus, and 14 miles—south west of Macon, and 14 miles north west of DeKalb, on the Military road, directly where the roads from Fairburn, Vienna, Jamieson and Gainesville, cross the said Military road from Louisville, Camden, Carthage and Madisonville. Here the railroad from Tuscaloosa, Ala. and Columbus, Miss. passes to Jackson. This town needs no description to those who have seen it. It is not surpassed in beauty, health and in abundance of good water by any place in the United States; and is admired by every person that has seen it. North, north west, north east and east of the foot of the mountain, commences the rich timbered and hilly prairie, which contains all the way to the above places on the Bigby river. This mountain rises gradually from N. W. N. E. E. and east to the astonishing height of 7 or 800 feet above the prairie. The town is situated on the top of this mountain, where there is a variety of elevations and variegated lands, beautifully dispersed. The town lies in it, and around it, is a variety of elevations and variegated lands of pure crystallized fine stone water. This town is a rare and rare place, and is on the world before. What a delightful and charming view in a clear summer day! There is no mineral water here that has cured several persons of the dyspepsia. There never was any sickness in this place of any kind, nor in its vicinity. Several persons have come here sick and emaciated, who got their health here in a short time. This curious and astonishing place appears to have been formed on purpose for a large Seminary and an Asylum for the debilitated and the sick, by the author of all good. This place is about 12 miles from several boat landings on the Noxubee river, on which steam boats ply with good success nearly all this year; and 30 miles from Gainesville or Jamieson on the Bigby river. There is not an advantage which the human heart can desire for an inland town, but what is found here. Beauty, Health, Wealth, Health, good water, convenient to navigation; plenty of saw-mills conveniently near quarries of the best kind of stone for building; Deer and Turkeys in abundance; and a large strong healthy back-country which is rich and fertile, and which is compelled from the peculiar situation of the country to come direct by this place with its produce to market and navigation.—The contemplated Railroad from New Orleans to Nashville, will come directly through this town, if it should run east of Pearl river. Should that there is no kind of doubt, but the Jackson & Brandon Railroad will be continued to this place. The continuance of said road to this place, would be of the utmost importance to Brandon, Jackson, Natchez, Vicksburg, and to the country in general; for it would pass through as fertile a region as any in the state. There will be laid out, gratis, suitable lots for a Seminary of learning, both for male and female, and a church. Here the feeble and debilitated youth can soon recover vigor, and strength to pursue his studies; and the pale faced man can get his blushing rose on his cheeks in a short time.—The proprietors are aware of the common contempt and ridicule which are heaped upon the number of new towns which are offered to the public, which ought indeed, and deserves to be treated with contempt. But as this town is so aerial and beautiful, it looks down with all its pride with contempt on all those mushroom towns, that have sprung into existence in order to get their owners a title of one thing useful, but the proprietors of MOUNT PLEASANT, having no such pecuniary thoughts in their hearts, they are not willing to engage to themselves, the many advantages which Divine Providence has given to this earthly paradise; over every other place that is called a town in this country; that they are willing to share its advantages, its health and its beauties, with the public, particularly with the debilitated and the sick, and those who wish to educate their children, for whose benefit and purposes it appears to have been intended as an asylum from the beginning, by him who made all things for our good. We solicit those who are desirous of health, and a place to educate their children in as pure a place as any on the globe, to come and see; in so doing, we are aware it will be to their own advantage. The promotion of good society, and the advancement of education, and knowing the advantages of this place will be to the sick, are the only reasons this earthly paradise is offered to the public. A post office has been established in this place.
TERMS.—One and two years credit, with bond and approved security.

A Rare Bargain in Land!
THE subscriber wishing to move to Aberdeen as he has property there, will sell all his lands, and the remainder of the unused lots in the town of Mill Port, on the best of terms. He has now 700 acres of choice land at this place, formerly improved, 130 acres of it mostly fine land, under good fences, and in good order for cultivation; comfortable dwellings and out houses, &c. with a first rate new Cotton Gin and Press. This place is situated on the Fayetteville and Tuscaloosa road, 21 miles east of Columbus, Mississippi, is a most delightful situation; high and elevated, with plenty of good spring water and running creeks all round.—There are applications continually to purchase Lots in Mill Port, and the town has taken a very pretty start, and must be the county seat of a new made county, which must take place by a division of the old counties. The town is situated half a mile from the Luxapallua river, which is, with very small improvements, navigable for keel boats, and is only a few miles from the rail road now chartered from the Tennessee valley to Mobile Bay. Mill Port is a great stand for a public house, and one is greatly needed.
The subscriber also has several places in this vicinity for sale, on the best of terms. Any information wanted, can be obtained by applying to James Swearingen at Columbus, Mississippi, or to me, who may be found almost at any time at Mill Port Ala.

MISSISSIPPI LAND.
WE the undersigned have entered into co-partnership, under the firm of
READING S. BLOUNT, & Co.
for the purpose of settling, purchasing, and selling lands.
There are many persons, residing at a distance, deeply interested in the land of this State, who find it expensive and extremely inconvenient to give them that attention their importance deserves.
There are also, we presume, many capitalists in different parts of the United States, who would like to invest funds in these lands; if they could do so without giving them their personal attention.
We, therefore, have been induced to propose transacting a general land commission business.
It is a notorious fact, that private estates have been made in a short time, by the entry, purchase and sale of lands, and we believe, that it is still a more profitable business than any other of which we have any knowledge. The investment, at least, a safe one, the titles to land beyond dispute, and a handsome profit quite certain. There is yet a considerable quantity of land, subject to entry in the late Choctaw Nation, where our operations will be chiefly confined.
We propose to give such reference as shall be perfectly satisfactory to those who may wish us to be sure for them, and confidently believe that they will be done to their advantage and satisfaction.
